VALLEY OF THE MIST
by Anthony J. Vaiksnoras

Bought by Mr. and Mrs. Hans Lembke of 2720 Endicott Road, Shaker Heights 20, Ohio.

Young couple with two young children. When they got married they started a family art fund to enable them to buy good "art finds" whenever they made them. They saw the VALLEY OF THE MIST, slept over it one night and bought it the next day. Hans Lembke is an engineer (born and educated in Berlin, Germany) at Lincoln Electric with a wide range of interests and a widely open mind, so has his wife, Janet. (will provide details on her upon request).
